## What is the Governing Body doing to ensure it maintains its effectiveness and remains fit for purpose both now and in the long term?

The Governing Body at Brundall Primary brings a wealth of skills, expertise and experience from a wide variety of sectors / backgrounds and is committed to ensuring that the school provides a high quality education for every child.

We continue to review and develop our processes for recruiting, inducting and supporting the ongoing development of our governors. We subscribe to the Local Authority Governor Services support package which enables all governors to access training in a wide range of topics relating to governance to ensure they fully understand their role and are equipped to carry it out effectively. During 2015/16, governors undertook training on a number of topics including: Safeguarding & Child Protection, Introduction to Governance, Governor Monitoring in Practice and Head Teacher Performance Management. The Vice Chair successfully completed the National College of School Leadership Chairs Leadership Development Programme which has previously also been completed by the Chair.

In addition to training, all members of the governing body are encouraged to attend governor conferences, briefings and networking events which enable us to meet with other governors to share ideas/best practice and keep up to date with the latest developments in education. Events attended by governors this year included: Academies Briefing, Ofsted Inspection updates briefing and the Norfolk Governors Conference. Materials from these events and the training are shared by those who attended with the rest of the Governing Body to ensure everyone is up to date on latest developments.

Finally, we continue to review our Policy process. The aim is to ensure that there is a consistent, structured approach to reviewing and developing policies and to ensure that recording the impact/effectiveness of a policy is a key feature of the review process.

If you would like more information about our school including our policies and complaints procedure, please visit the school website:
