January 1 2021

Dear Parents and Carers,

We hope you had a happy and safe Christmas and we send you the best wishes for the new year. We are looking forward to welcoming the children back on Monday.

We would like to be clear that we will return to school under the same procedures as last term and in accordance with current government guidelines at this time. Please be assured we will continue to do everything we can to minimise the risk to your children and our staff and we ask for your support in ensuring we all stay safe.

As was the case last term, you must keep your child at home if they show any signs of Covid 19 and we will send children home for testing if they are showing symptoms at school.

Because of the increase in rates of infection and the new strain of the virus, we are asking, for the safety of the children, yourselves and our staff, that you wear a mask on the journey to and from school and that you maintain the two metre social distancing rule. We would also like to remind you, as we're sure you are aware, that the Tier 4 conditions at present require us all not to mix socially at home and in the community. Please only use the childminder/sibling group if it is impossible to make a conflicting drop off time. We need to do everything we can to reduce the possibility of transmission between groups of children and this facility is only for exceptional circumstances where you have two children at different points at the same time, not for convenience.

For our school to be open to pupils, we need to continue to work together as a community to minimize and eliminate transmission of infection. Should there be cases of Covid in any of our bubbles, please be assured we will contact you and make the appropriate arrangements to close and move to remote learning where necessary.

We will keep you informed as to any changes in advice and guidance as we proceed in the new term.

Yours sincerely

R Stuart-Sheppard/S Sutton

Headteachers

P.S. Make sure the children dress warmly, as we will be continuing with our well-ventilated classrooms as a protective measure!
