SIMPLE FOLDED BOOK

Take a rectangle of paper – A4 will do. A3 is ideal for younger children, A5 produces fairy sized books.

Fold in half from top to bottom. Unfold. Fold in half from side to side.

Unfold. Fold sides to middle to create eight sections.

Cut the central fold as shown on photo 3.

Fold along the horizontal line and pinch together the outside pages, pushing them towards the centre. You may have to fold the creases in both directions to sharpen them.

Fold the pages over to form the book.
